

Case Interface Order Form

Hello!

Case Interface is a not-for-profit enterprise set up by the IB and IGCSE Business and Economics students. The enterprise allows us to develop a wide range of business and employability skills, whilst also raising money for BISI's local charity El Bebek Gul Bebek for premature babies and BISI student newspaper.

Case Interface caters to two specific options of customized phone cases. The first option is our 'Make and Create' Custom Phone Case, where you come in to decorate the selected phone case on set days using a large variety of decorating accessories with our very talented Phone Case artists to guide you. The second option is a 'Customized Print' Case, with this you can select any one image of your choice to have printed on your case. Below you will see boxes for both options, only fill out the choice in which you are interested in and leave the other blank. If you are interested in both fill out all boxes. If you would like to create more than one design for your phone case from the same option, ask for another order form from our business associates listed below:

Olivia Alatan: CEO, Project Manager

Jana Al-Zawawi: Marketing Head of Department

Elahe Hosseinzadeh: Operations Head of Department

Sojeong Baek: Human Resources Head of Department

Ramish Hussain: Finance Head of Department

Whether choosing the "Make and Create" or "Customized Print" option - these would make fantastic holiday gifts.
