Dear Parents,

IB Visual Arts Extra
Studio and Practical catch up session – Saturday 5TH February

As the art teacher, I would like to give our IB Visual Arts Diploma students the opportunity to have a whole day of studio time in the art room. Unfortunately it is impossible for this to happen during school time due to their current demanding priorities across all subject areas. After discussing this idea with some of the IB students it was decided that the best time would be on a Saturday.

I have arranged for the art room to be available on Saturday the 5th of February from 10am to 4pm. Students will be expected to have a work plan showing areas they need to work on and how they plan to achieve this successfully, in preparation for their upcoming Visual Arts deadlines. I expect all participating students to be on time and commit to their work plan and to use the time effectively to develop and complete their projects. I am also planning an additional session on a future Saturday for students to continue preparation work. This will give them an overall total of 10 hours studio work time. Students need to take on an independent and mature approach to this opportunity and use the time effectively and successfully.

It would be a good idea if the students bring in their own lunch for the day. We are unable to provide transport for the students. Please could you arrange your own transport to and from the school? I will meet students outside the school gates at 10am and escort them off the premises at 4pm. With your prior approval, students may also be permitted to make their own way home.

I look forward to working with your children and hope that this will aid their further success towards obtaining their IB Visual Arts Diploma. Please do not hesitate in contacting me at the above email address, if you have any questions or concerns.

Yours faithfully,

Iysha Miah,
