3 June 2011

Dear Parents,

IB CAS Field Trip for Year 12 and Year 13 to Çıralı, Antalya
Mon 12th-Fri 16th September 2011

At the beginning of the new school year, we are offering a CAS Service trip for all IB students to help out the turtles on the shores of Turkey. Every year, thousands of baby turtles hatch out of their nests and make a dash for safety. Their plight is not always successful; thus, we intend to help out with the conservation project that has been set up to aid them in the quiet village of Çıralı, which is situated on the coast near Kemer and a short walk away from Olympos.

The trip will include a short training session on how to carry out basic protection and conservation of the turtle's nests on the beach and outlying bays of Çıralı.

Our trip will be leaving on the morning of Monday 12th September and returning in the evening of Friday 16th September. Accommodation is in a low budget pension situated in the village, breakfast is included. All other meals will be at an additional cost. The cost of this trip is \$250 included in the school fees and an extra 200TL.

The service we will provide goes towards satisfying all of the three requirements of the Creativity, Action and Service component, which is a compulsory element of the IB award, earning those students approximately 40-50 CAS hours.

Student numbers, on this trip, are restricted so if you wish to secure a place, please return the attached confirmation slip along with the full payment by Friday 10th June 2011.

A detailed itinerary will follow at the beginning of the new school year.

Yours faithfully,

Stephen John & Caroline Garner
