13th January 2011

Dear Parent/ Guardian,

Mid Year Report - Mathematics

Last term was an exciting term in Mathematics. We introduced our Mathematicians of the Month award. For the month of October our focus was attainment in assessments. For the months of November and December the award was achieved by students who had put a tremendous effort into their Mathematics. The students listed below should be really proud of themselves and their achievements.

	October	November/December
Year 7	Kyu Song Lee	Yeo Won Kang
Year 8	Martin Mueller	Deepika Grover
Year 9	Mina Dolay	Selin Olenik
Year 10	Vishwesh Shah	Maya Marie Ellena
Year 11	Jae Hyuk Chang	Lara Gurcan
Year 12	Jacob Haverstock	Mekhmet Akdemir
Year 13	Nedim Ruso	Murat Walli

Many students achieved excellent results in their assessments and projects. For the first time we divided the Year 9 group into three classes: Accelerated, Extended and Core. The purpose of this is to ensure the students receive the best preparation for the IGCSE courses. In fact the accelerated class have already begun the course.

Mr Bradley, Mr Robertson and Mr Siddique have been excellent additions to the department, and are ensuring our students achieve their full potential.

We have also planned our first Mathematics trip to Disneyland Paris. During the trip the 27 students will learn how Maths has been used to design and organise The Disneyland Park. The students also have the fantastic opportunity to visit Paris.

This term the teachers will be working hard to prepare the students for the IB and IGCSE exams. There will be special revision classes set up each week. However, there will be fun too. We have our first ever Maths Curriculum Week where students will participate in various activities. There will be Maths Olympiad, World Maths Day, House Competitions and each year group will attend a fun field trip in Istanbul.

We believe as a department this has been a very successful term and an enjoyable one for our students. I would like to thank you, our parents, in advance for your support in the forthcoming term. Please do not hesitate to contact me if you have any queries, questions or concerns. My door is always open.

Yours faithfully,

Stephen John
