How to make a scary Haunted House

Do you want to make your friends and family scream? If you do, follow these simple instructions to your glory of being a professional at scaring people.

Equipment

- *Black, yellow and dark blue paper*
- *Scissors*
- *Cutting knife*
- *Gluestick*
- *Pens*

Method

- *First, draw a template of your scary haunted house on black paper with a yellow or white pencil.*
- *Next, draw the windows in the house and cut them out using a craft/paper knife. (let a parent do this for you)*
- *Following that, cut out your house using scissors.*
- *After that, stick yellow paper behind all of your windows that you just cut out.*
- *Then, stick your fully completed house onto the dark blue paper.*
- *Finally, using your leftover yellow paper, cut out a fairly big circle to be your moon and stick it onto the corner of your blue paper.*

Optional: add on decorations with pens and make bats or pumpkins.

HOW TO MAKE A TERRIFYING HAUNTED CASTLE

Do you want to drive your enemy away by this horrifying castle?
Well if you do, then today is your lucky day my friend...

What you will need

- Blue, yellow and black card
- Scissors
- Glue

And having fun

METHOD

- First, take your black card , draw and cut your house and add some capital i's and cut them out so we have some windows .
- Next, we take the yellow card and cut it so when you open the windows you see light but you don't need to make it so perfect because no one is going to see the back of the mansion .
- Finally, take your blue card and glue your villa onto the card to make it a sky and add a moon .

Tip: you can add some cool decorations to your house to make it attractive .
