24 March 2020

Dear BISI Community,

As we are sure you must have heard already, the government has extended the period of school closure until 30 April. This means that schools could reopen on 4 May. BISI staff will continue to deliver online classes, tasks, assessments, and give feedback to students but there may be some changes to our methods in light of the recent survey. The results of the survey are currently being reviewed and the analysis will be shared with the community. We will aim to implement any improvements as soon as possible.

We are also currently reviewing the calendar for the remainder of the year. The timing of the remaining school holidays will be discussed by the Board of Governors and the Senior Leadership Team next Tuesday. We will inform you of any changes after the Board Meeting.

This weekend, both campuses will undergo deep cleaning by a specialist company. This will protect all surfaces for a period of three months. For those teachers who are coming into school to work, the City Campus will be closed on Friday and the Zekeriyakoy Campus will be closed on Monday. If this means that you are unable to remotely teach on those days, please make sure you inform your students and their parents.

We are hoping that tomorrow we will be able share information from the IGCSE and IBDP examination boards regarding their plans for alternative assessment in the light of the cancellation of their exams.
