Wednesday 20 April 2016

Dear Parents,

### BISI Swimming Classes

Please complete and return the slip below by Friday 22 April. Children taking part in swimming lessons are expected to have a level of competence in water to be able to swim the width of the school pool (9m) unaided. This basic level of proficiency is a condition of their participation in swimming classes at school.

Children who meet this requirement will be coached to improve their swimming confidence, style, technique and stamina during their swimming lessons. Students who do not meet this requirement will take part in alternative sports. PE staff will assess the competency of students in the first swimming lesson and those deemed unable to swim 9m will take part in alternative sports.

Yours sincerely,  
BISI Communications

Swimming Competence Declaration Please return to the Campus Secretary by Friday 22 April

I understand and accept that BISI and its staff cannot accept any responsibility for the safety of children in our pool who are not at least competent swimmers. I also understand that my child will not be allowed to take part in swimming classes until they reach the required competency level.
